PROGRAMS FOR THE PREPARATION OF SCHOOL PRINCIPALS AND SUPERVISORS

INFORMATION MEETING APRIL 28, 2022 AT 5:00PM

Since 1971, Virginia Tech's Educational Leadership programs have prepared aspiring and current educational administrators throughout the Commonwealth and beyond for the important "next step" in career advancement. Our graduates leave with the skills and knowledge they need to lead ethically and effectively; advance equity and social justice in educational settings; review and implement educational policy; lead innovative practices; communicate with diverse constituents; and improve the learning of all PK-12 students while nurturing their well-being.

Designed to fit the needs of working educational professionals, the program is conducted on a part or full-time basis, with coursework that balances modern academic theory with real life practice.
