

**Newport News Public Library
Celebrate Me! Campaign**

Newport News Public Library is proud to join Newport News Public Schools for Celebrate ME.

During the week of March 7th – 13th, we will feature a virtual display of books on cultural heritage for youth of all ages. Visit <https://library.nnva.gov/> to see the virtual display of these and other books of interest. Also, take a look at our Calendar of events for upcoming library programs.

You are also invited to visit any of our three branches, where we will display books on many cultures. We encourage families to check out books which describe and celebrate their own rich cultural heritage.

While you're at the library, pick up a map dot sticker and place it on our map display, highlighting your families' country or countries of origin. We are happy to take part in this district wide celebration and to join in the Celebrate ME project!
